

## REMEDIAL SITE ASSESSMENT DECISION - EPA REGION II

Site Name: Lakewood Township SLF EPA ID#: NJD980771711 State ID#:

Alias Site Names:

City: Lakewood County or Parish: Ocean State: NJ

Refer to Report Dated: 11/29/95 Report type: SIP

Report developed by: EBASCO

### DECISION:

☒ 1. Further Remedial Site Assessment under CERCLA (Superfund) is not required because:

☒ 1a. Site does not qualify for further remedial site assessment under CERCLA (Site Evaluation Accomplished - SEA)

☐ 1b. Site may qualify for further action, but is deferred to: None

☐ 2. Further Assessment Needed Under CERCLA:

2a. Priority: ☐ Higher ☐ Lower

2b. Other: (recommended action) None

### DISCUSSION/RATIONALE: Site is an inactive municipally owned/operated sanitary landfill.

The landfill accepted municipal waste, bulky waste, construction and demo waste, sewage sludge and non-hazardous chemical waste liquids. There is no bottom liner.

GW: There is no documented release to groundwater and no actual contamination to drinking water wells has been established.

SW: The target distance starts at the Grass Hollow Brook and ends in the Toms River. There are no drinking water intakes or endangered species habitats along the pathway.

Soil: There are no areas of observed contamination - the landfill is capped and there is greater than 2ft of soil cover over the cap. There are no on site workers, residents or endangered species habitats on the site.

Air: There has been no observed release.
